Belle Glade Rams Hold Strong Miami Tech High School Team To 6-0 Score In First Game

More Than 2200 Spectators Witness Opener
Season As Golden Rams Display
Unexpected Defense

The Belle Glade High School Golden Rams showed unexpected defensive strength last night in holding a strong Miami Tech High School team to a 6-0 score. Tech Blue Devils were heavily favored to win the season opener for both teams.

Tech won the toss and elected to receive. They took McDonald's kickoff and drove 26 yards to the Rams 38-yard line where they lost the ball on downs. Belle Glade then took over and drove to the Tech 22 where they lost the ball on a fumble. Tech then returned the ball to their own 45-yard line. On fourth down Tech lost 22 yards when Pounders attempted to punt. He was stopped by Belle Glade's Paul Miller.

In the second quarter the outstanding play was a pass from Karanikas to Pounders for a gain of 60 yards. Bobby Jones of the Rams intercepted a pass from Karanikas on Belle Glade's 18-yard line which stopped the Tech Drive.

To open the third quarter Moeley returned the kickoff to Belle Glade's 35-yard line. On the first running play Leon Burket, sophomore halfback, fumbled on his own 45-yard line. The fumble was picked up by George Karanikas of Tech who ran for the only score of the game.

The try for extra point on a running play around left end failed and the score was 6-0 in favor of Miami Tech.

The fourth quarter provided no outstanding plays with both teams showing signs of weakness.

Ladies Golf Association held their regular meeting and discussed plans for coming events. Helen McCabe announced a ring tournament began this week and will continue for two months. Ladies have resumed their regular Friday golf day and most of the galleries on the team have been practicing for the Inter-county matches which start play Monday.

Belle Glade will be host to West Palm Beach and of course the girls from the contest, the favored — but anything could happen! So fans keep your fingers crossed.

Pro Joe Zienan announced quite a turnout on Wednesday afternoon for the regular tournament with Zolma Betner the winner. The course is in wonderful shape so about getting up a foursome for a week-end golf! Sounds like a good idea!

NEWS OF GLADES BOYS AND GIRLS IN THE SERVICE

25th Div. Korea — Eugene Lakes Naval Base. He graduated, son of Mrs. Julia Burdett, with the class of 1944 from Belle Glade High School, was recently promoted to sergeant while serving with the 25th Infantry Division in Korea.

Rushed to Korea during the "early days" of the conflict, the "Troop Lightning" division took part in some of the most bitter fighting on the peninsula. It is now undergoing intensive post-troop training.

A squad leader of the 25th Regiment, 1948, entered the Army in June 1948, and served in the 25th Infantry Division at Fort Jackson, S.C., and at Fort Jackson, S.C.

Jimmy R. Robertson, Lake Harbor, enlisted in the Navy September 8, for a 4-year period at the Navy Recruiting Station, W. Palm Beach and is now receiving basic training at Great

Ralph Kesner Back At Glades Appliance

Corporal Ralph W. Kesner, who was recently separated from active duty with the Armed Forces, has returned to Belle Glade and is back at his previous employment as bookkeeper with Glades Appliance Company.

After basic training at Fort Jackson, S. C., Ralph was stationed at Schofield Barracks, Hawaii, where he enjoyed his tour of duty. Climate there is about the same as in Palm Beach. He figures he was lucky to be assigned to Hawaii instead of Korea.

VOTING TUESDAY RETURNS ASHLEY TO COMMISSION

Fluoridation of City
Water Is Approved
By Electors

Walter Ashley was returned to the Belle Glade Commission from Central Borough in Tuesday's election which attracted a scanty but enthusiastic crowd of registered voters.

He was opposed for the commission seat by Donald (Pee Wee) Kinman, who received 214 votes to 338 for Ashley.

Mayor-Commissioner Harold Morris Coleman received 214 votes to 338 for Ashley. Mayor-Commissioner Harold Morris Coleman was unopposed in his bid to be returned to the commission and received 99 complimentary votes.

Commissioners H. O. Carlton, Herman Close and Z. T. Ingram each have another year to serve on their present terms.

The mayor, vice mayor and city treasurer for the ensuing year will be selected at the next meeting of the commission scheduled for Wednesday night, September 22. These officers will be filled from the ranks of the commissioners.

Fluoridation of city water was approved by the balloting with only 419 of the 568 voters expressing a preference. The vote was 274 for fluoridation and 294 against.

Fluoridation has been somewhat of a controversial subject since it was proposed. However, the recently approved city budget includes funds for the installation of the equipment, and now that the issue has been decided by what amounts to a referendum, the work can be started on the project when approved by the city commission and the new fiscal year begins October 1.

Dr. C. L. Brumback, Director Palm Beach County Health Department and an advocate of the fluoridation process, said: "I have always believed Belle Glade is a progressive city in the state and the action of the voters in approving fluoridation has confirmed my belief."

GRABER FARMS OPEN BOWLING SEASON

Graber Farms opened the bowling season by winning three points out of four at the Carefree Bowling Center in W. Palm Beach last Wednesday, with Evelyn McKee bowling high game of 198 and high set of 508. This week the team took 2 out of 4 points with Evelyn having 198 for high game and Dot Graber scored with 461.

The team will play 36 weeks in the city match. Tournament. This is the fourth year for Graber Farms, sponsored by Bill Graber. The first year they played in minor league and the last three years in classic league.

ICE CREAM PARTY FOR BASEBALLERS IS STOMACH FULL

Full stomachs was the "order of the day" at a recent ice cream and cake party sponsored by the local Legion Post for members of the Junior Legion baseball team and their guests at the American Legion Home.

The Legion Welfare Committee, composed of Art Parks, J. B. Jones and James Davidson, "ramrodded" the arrangements. They wish to publicly express their appreciation to the ladies of the Legion Auxiliary for furnishing the cake and to Alfar Creamery and Southern Dairies for donating sufficient ice cream to completely fill 30 boys and a few grown-ups.

WHO'S GONNA PUSH WHO?—This is a preview of what's to happen on New Year's Day in a parade along Main street and Avenue A as the climax of intensive membership drive of Everglades Post No. 20 of the American Legion.

1955 Membership Drive Is Launched By Local Legion

Goal of 350 Is Set by Two
Teams and Post
Commander

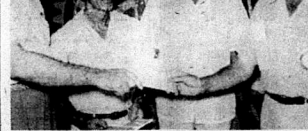

Everglades Post No. 20 of the American Legion completed plans at the last regular meeting for an intensive membership drive for 1955 with a goal of 350 set. The current membership of the local Post exceeds 250.

The "drive plan" as adopted consists of 1st Vice Commander Morris Coleman as general chairman and two teams of 12 members each, competing for the distinction of signing up the most members for the coming year. Appropriate prizes will be presented to the winning team members. The campaign closes on December 31st.

A parade will be held on January 1st with the Honor Guard of the local Post leading followed by members of the losing team pushing members of the winning team in wheelbarrows through Main street and Avenue A. The Honor Guard will be composed of Homer Roberts, captain, H. A. Ouellette, J. G. Abbott, Davis R. Kitching, W. C. Young, Guy Wilson, Lewis Lovell, James D. Ellis, Buford Prescott, W. E. Eggleston, James Anderson and John Aikman.

The other team is composed of J. B. Jones, captain, N. B. Willis, Jack Rashley, Adair Leflingwell, Earl York, Art Parks, Ernie Waldorff, Ray Wilkinson, Thomas Whitman, Junior Dean, W. H. McCarty and J. B. Whitehurst.

Jack Motes is Commander of Everglades Post.

NOTARY TAKES THREE NEW MEMBERS—Dr. Thomas Forsee, right, presents (left to right) Dr. Allen Baker, Carl Skuce and Wm. Humes their membership cards and buttons at a recent Rotary installation ceremony. Dr. Baker is newly arrived and is a practicing physician, Mr. Skuce is a music instructor and Mr. Humes is associated with the Crow Cattle Company.

SOUTH BAY TO ELECT 3 COUNCIL MEMBERS

SOUTH BAY, (Special). A municipal election to name three members to the City Council of South Bay will be held at the City Hall on Tuesday, October 5.

Candidates may have their names on the ballot by qualifying at the City Hall as official candidates and paying the fee of \$1.00. The deadline for filing is Monday, September 20 at 5 o'clock.

The councilmen whose terms expire are W. C. Allen, S. J. Fisher and Frank Kelley. The term of office is for two years. To date the only candidate filing is S. J. Fisher to succeed himself.

Registration books are open at the City Hall during regular office hours, 9 am to 5 pm daily Monday through Friday and from 9 am to 12 noon on Saturday. Qualifications for registration are: residence in the state for one year and in South Bay for six months next preceding the election. The registrant must be 21 years of age or over, and a citizen of the United States.

The registration books will close on Saturday, September 25 at 12 o'clock noon.

Rotary Welcomes District Governor

The Rotary Club of Belle Glade welcomed District Governor, Allyn L. LeVelle, Governor of the 243rd District of Rotary International, who is making his annual official visit to each of the 33 Rotary Clubs in the Palm Beach County area of Florida. He will address the club members on Tuesday, September 27 at 8 o'clock noon.

Legionnaire Ralph Freeman, who has secured 70 or more members for the local Post each year since 1946, will conduct an intensive drive of his own during the campaign for membership. Neither team would consent to having him on the opposing team since he has demonstrated such powers of persuasion over the past year. Both contended that if he were a member of either team the other team would be competing against a "ringer".

Members of one team are Homer Roberts, captain, H. A. Ouellette, J. G. Abbott, Davis R. Kitching, W. C. Young, Guy Wilson, Lewis Lovell, James D. Ellis, Buford Prescott, W. E. Eggleston, James Anderson and John Aikman.

The other team is composed of J. B. Jones, captain, N. B. Willis, Jack Rashley, Adair Leflingwell, Earl York, Art Parks, Ernie Waldorff, Ray Wilkinson, Thomas Whitman, Junior Dean, W. H. McCarty and J. B. Whitehurst.

Jack Motes is Commander of Everglades Post.

Allyn L. LeVelle

the Club and confer with President Unwin, and committee chairman on Rotary administration and service activities, and on plans for the participation by the local Rotary Club in the world-wide observance of R.O.T.

Local Gardeners Are High In Judges Exam.

Word has been received here that of the twenty-two who took the examination for appointment as accredited Flower Show Judges by the National Association of Garden Clubs, two local contestants, Mrs. Luther Jones and Mrs. Bert Hopson were number two and number three respectively.

A Miami gardener made a score of 94 on the exam, Mrs. Laura Willis, acting city clerk, scored 92, with one other contestant receiving a grade of above ninety.

The families of the two local gardeners are as glad as the recipients for the studying and absorption of time preparing for the exam and the anxiety awaiting announcement of the results has been as trying to them as to the participants.

Official receipt of the certificates of appointment are expected to be received locally within the next few weeks.

South Bay To Hold Delinquent Tax Sale

A tax sale will be conducted by Tax Collector R. C. White at the front door of the City Hall on Monday, October 18 to sell all property on which taxes for 1953 are delinquent.

There are some 42 parcels of real estate on which taxes are delinquent, according to Mrs. Laura Willis, acting city clerk. Owners of these tracts may prevent the sale of their property by paying the delinquent taxes, penalties and cost of advertising the sale, provided they do so before the time set for the sale.

Overall Flood Control Now Takes Its Place Among the Most "Legitimate" Works

South Bay Speed Up
Injured In Accident

South Bay Policeman Frank Cline narrowly escaped serious injury Saturday afternoon when the police car in which he was pursuing a speeder skidded on wet pavement and overturned. Officer Cline had apprehended the speeder in the western limits of South Bay and gave chase through the town. The accident occurred on State Road 80 opposite the commissary at the U. S. Sugar Plantation and east of the South Bay City limits.

The accident victim was taken to Belle Glade Memorial hospital where examination by Dr. R. L. Pipes revealed no broken bones or evidence of internal injuries. Officer Cline is reported recovering from the numerous bruises and abrasions he suffered. Damage to the police car was estimated at \$800.

Two Negroes Killed In Highway Crash

Benjamin Franklin DeShaver, age about 35, met fatal Saturday afternoon about 4:45 o'clock on the Pulaski-Close Highway when he undertook to show five friends how fast his employer's new 1954 model convertible could travel. A passenger, James Dennis, age 22, died later in the Belle Glade Memorial Hospital from injuries to head and chest sustained in the accident.

Sgt. E. D. Dugger, who investigated the accident, stated that according to survivors, DeShaver had been seen by the owner of the car, R. L. Brannon, for his laundry. He invited five friends for a ride.

Once on the highway he opened the top and the speedometer reached 100 miles per hour, the girls piled with him slow down but another passenger urged him to greater speed. Approaching a curve one of the passengers turned off the ignition. The driver presumably took his eyes off the road for a moment and lost control of the car.

Among projects to immediately benefit from these combined efforts will be planning of the construction of 320 feet. The driver's body crushed and throat cut, was found 50 feet from the car. One girl was thrown far to one side of the highway, most of her clothing having been ripped from her body. Dennis, who died 5 hours later, was hurled 35 feet into a ditch, sustaining a fractured skull and chest injuries.

The other four passengers received minor injuries and were released after a short stay at the hospital and released.

RAINBOW GIRLS TO ELECT OFFICERS

Belle Glade Order of Rainbow Girls will hold an election of officers at 7:30 p. m., Monday, Sept. 20, at the Benevolent Hall. All members are urged to attend.

Paving of Avenue E and Construction of Health Center in Belle Glade Is to Be Included in County Building Program

Action taken this week by the Board of County Commissioners brightens the prospects of Avenue E being paved and the construction of a Health Center in Belle Glade in the near future. These two projects are included in the county-wide improvement program of \$5 million which is scheduled to get underway early next year.

Avenue E will be widened and repaved in a long-term revision of the county's tax levy next year. The levy is being paid down by the county's tax levy next year. The county is being paid down by the county's tax levy next year.

The Palm Beach County Commission made way for the \$5 million improvement program which will bring several new buildings and major improve-

Stigma of Pork Barrel Reclamation Replaced By Sound Economics

U. S. Senators Spessard Holland and George Smathers, Congressman Dwight Rogers and the entire Florida Delegation in Washington, ably assisted by Board Members of the Flood Board, State and local officials, and the local taxpayer, have reached a historical goal in the selling of the Overall Flood Program.

Congress authorized the entire Overall Flood Program at its last session and thereby placed the project on the roster of "accepted" items — it's no longer one of the "in-between" items in the "pork barrel" group wading itself into the substantial fiscal policy set.

It's no longer one of the "in-between" items in the "pork barrel" group wading itself into the substantial fiscal policy set. It's no longer one of the "in-between" items in the "pork barrel" group wading itself into the substantial fiscal policy set.

The U. S. Engineers and the Central & Southern Florida District have taken action to accelerate the work program. Engineers from the Mobile Division have been "borrowed" and have already begun work on studies and designs of works for the Upper St. John's River under Central & Southern Florida authority. This will advance the completion of that work by six months and allow the Colonel's own group to complete work on planning for the Kissimmee River Valley by five months or more.

That same acceleration will be reflected in the new construction, or planned for immediate attention, L-2 and L-3 and the new work on the Lake Palm and Hillsboro canals will benefit.

The Board, at the suggestion of Luther Chandler of Dade County, agreed to open an office in Dade County with legal and engineering personnel working with the Dade County Commission in securing rights-of-way for the project. This move is for the sake of efficiency and economy.

Among projects to immediately benefit from these combined efforts will be planning of the construction of 320 feet. The driver's body crushed and throat cut, was found 50 feet from the car. One girl was thrown far to one side of the highway, most of her clothing having been ripped from her body. Dennis, who died 5 hours later, was hurled 35 feet into a ditch, sustaining a fractured skull and chest injuries.

The other four passengers received minor injuries and were released after a short stay at the hospital and released.

ALTAR SOCIETY PLAN SPAGHETTI SUPPER

The annual Spaghetti Supper served by St. Philip's Altar Society has been set tentatively for October 28th, according to a report made by Mrs. J. N. Puff, chairman, at the first meeting of the season Tuesday evening.

Rev. W. J. Holmes, pastor, recently returned from a two-month visit to his native Ireland, discussed plans for the pilgrimage to Le Lough Shrine, St. Augustine, on September 28th.

Mrs. Charles Fontaine, president, announced that a Leadership Institute will be held September 28th in West Palm Beach at the Catholic Daughters of America Hall. Officers and committee chairmen are urged to participate in this conference.

LOCAL EMPLOYMENT PERSONNEL ATTEND MEETING IN MIAMI

Personnel of the State Employment Service in Miami was host to the Southeast Coast Chapter of the International Association of Personnel in Employment Security at the American Legion Home, Harvey Sees Post.

Mr. A. M. Larrimore, managing director, will be in charge.

not take the vaccine. The entire school was given gamglobulin by Miss Anna Ruffalo, Public Health Nurse.

PARENTS URGED TO ATTEND CUB SCOUT MEETING TUESDAY

All parents interested in Cub Scouting are urged to attend a meeting at 7:30 p.m. Tuesday, Sept. 21, at the Community Methodist Church.

Two movies will be shown, one, "The Day of the Parents" and the other, "Duties of Den Mothers." According to Dick Hughes, local Cub Scout master, all parents and Den mothers should attend this meeting as leaders in this work are needed. Henry Spelman, district scout commissioner will also be present.

COPPER PENNY IS CAUSE OF \$4,000 DAMAGE BY FIRE

Damage estimated at \$4,000 was caused by fire at a residence at 348 S. W. 8th street Wednesday night as a result of a copper penny being used in the electric fuse box, according to Assistant Fire Chief Cecil Blair.

The fire department received the call at 11:05 p.m. and found the blaze under control shortly after arrival at the scene. Asst. Chief Blair reported that numerous extension cords apparently overloaded the electric circuit and with the copper penny in the fuse box, the fire started from electric wires. Had there been a good fuse, Blair said, it would have blown out and avoided the conflagration.

With Fire Prevention Week scheduled for October 3-9 is time to remember not to put too many extension cords in use. Approximately \$2,000 damage was done to the building and a fine amount to be furnished and personal belongings, according to Fire Department reports. The building is owned by J. T. Houston and was occupied by the Strickling. There was no insurance coverage on the building or contents.

LOCAL CATHOLICS TO PARTICIPATE IN PILGRIMAGE

In 1954 the Catholic Church declared the dogma of the Immaculate Conception. One hundred years later the Catholic world is celebrating Marian Year, commemorating this declaration of the Immaculate Conception of the Blessed Virgin Mary.

Pilgrimages are being made by Catholics to shrines dedicated to the Mother of God, and in Florida this shrine is "Our Lady of Leche" in St. Augustine, at the site of the first Mass celebrated in the new world.

On September 26th Catholics from Belle Glade, Pahokee and Clewiston will make the Marian Year Pilgrimage to St. Augustine where Rev. John F. Patrick will conduct the services at 12 noon.

Those wishing further details are asked to contact Mrs. Charles Fontaine or Mrs. Mary Foy. **DALE HENDERSON IS LATEST POLIO CASE**

Dale Henderson, 9, son of Mr. and Mrs. Vernon Henderson of Lake Harbor is the latest polio victim in the Glades area and was admitted to polio ward at St. Mary's Hospital on Sept. 10.

He was one of the children in second grade last year who did not take the vaccine.

The entire school was given gamglobulin by Miss Anna Ruffalo, Public Health Nurse.

The next meeting will be held Tuesday, October 12.

IRMA STEIN ENTERS BUSINESS COLLEGE
Mr. C. A. Jarringer, president of Massie Business College, announces that Miss Irma Stein, daughter of Mr. and Mrs. Fritz Stein of Chosen, Florida, entered Massie Business College on September 13, 1954, where she is pursuing the Junior Executive course.

Miss Stein last attended The University of Florida.

PAVING AVENUE E
(Continued from Page One)
In two separate actions, the commission authorized approval of agreements with Sullivan, Nelson and Goss, West Palm Beach bond firm, to act as fiscal agents for the improvement program. Work on most of the projects is expected to be well under way by next year.

Projects in this section of the program which will be financed through the county's share of agreements with Sullivan, Nelson and Goss, West Palm Beach bond firm, to act as fiscal agents for the improvement program. Work on most of the projects is expected to be well under way by next year.

Rebuilding Rotary Park Drive at West Palm Beach, \$100,000; Palmetto Park Bridge, \$250,000; Boynton Beach West Road, \$100,000; Avenue E, Belle Glade, \$315,000; 8th Avenue, South Bay, \$420,000; Lake Shore Drive, Canal Point, \$147,000; Miami City Road, Pahokee, \$178,000; right of way fund for all projects, \$118,000.

In the capital improvement section of the program, projects listed were:
New children's home, \$250,000; land for children's home, \$60,000; Health Center, Belle Glade, \$300,000; Health Center, Pahokee, \$200,000; remodel county jail, \$240,000; construction of a tourist welcome center at Juno Beach, \$100,000; complete construction of present jail building, \$315,000; remodel county house, \$600,000; Glades sub-court house, \$100,000; county administration building, \$150,000.

Under the agreement which was approved by the commission, the fiscal agents will receive a fee of one percent of the bonds sold and from this fund money will be paid to the county to pay expenses associated with preparation of the bond program, including the cost of the bond sale and the sale of the certificates.

The two improvement programs will be the full support of the entire commission following motions of approval by Commissioners Paul Rardin and Kenneth Foster. **ROTARY WELCOMES**

OVERALL FLOOD CONTROL (Continued from Page One)

well as at Lake Harbor. L-2 and L-3 construction will also be begun within the current fiscal year.

Luther Jones, Chairman of the Water Control Committee for the Palm Beach County Resources Board thanked the District and the Engineers for the work done preparatory to the anticipated visit of "Edna" when emergency steps were taken to begin one of the pumps steps were taken to minimize the flood danger in the Glades.

At Twenty-Mile Bend, where W. B. Barron of LaBelle, one of the Caloosahatchee's most substantial gentlemen, was seated as a member to fill the vacancy caused by Roland Hardy's resignation.

Luther Chandler of Homestead, appointed sometime ago, also took his seat as a Board member.

The next meeting on October 15th will be held in Miami when the Board will meet with the Dade County Commission to discuss mutual problems.

LOCAL BOY IMPRESSIVE TACKLE — Ross Wins, 212-pound tackle from Chosen, has been one of the most impressive linemen in Florida's drills and Coach Bob Woodruff expects him to be a key man in Gator line play this season. He played outstanding football during his sophomore year and in 52-53 was the only Palm Beach County Varsity letter winner. Ross will be in there playing when the Gators play Rice at Houston on Saturday.

Veterans Service Director Is Being Transferred to WPB

Leonard Brown, director of the Glades Veterans Service Committee, will be transferred to West Palm Beach on October 1st where he will be located in the county office of Veterans Service.

No successor to Mr. Brown has been appointed and applications for the post he is vacating will be received until noon on September 22. Applicants may see Mr. Brown at his office in Belle Glade personally or write to P. O. Box 491, Belle Glade.

Service to veterans is an important function and the departure of the present director, who has been in Belle Glade for some time, will be regretted.

Scority Outlines Program For Year

Members of Beta Sigma Phi Sorority met Thursday night and outlined their projects and programs for the coming year with Mrs. Rosa Nash, new president, presiding. The group met at the home of Mrs. Douglas Thompson on S. E. 4th St., with Mrs. Rodney Connell serving as co-hostess.

During the business meeting, Mrs. Gene Cross, chairman of budget committee presented tentative budget which was referred back to committee for revision and presentation at next meeting.

Members voted to sponsor audimeter tests again this year for school children; voted to sponsor card party in January; voted not to rush this fall, set amount to be given to swimming pool fund.

Mrs. Tom Chappell was appointed to serve on the membership committee; Mrs. Vernon Dexter to service committee; Mrs. Robert Abel was transferred to social committee and Mrs. Doug Wootton appointed to ways-and-means committee.

Special committee on properties reported on purchase of dishes, and program committee announced annual programs would be printed and ready to be distributed at the first meeting in October.

Mrs. Lindrose, chairman of committee on constitution and by-laws, submitted a revised report on by-laws of chapter and each member was given a copy, by-laws to be voted on at the next meeting in October.

"Oratory" was the program topic given, using the Gettysburg address, with Mrs. Basil Cook presiding, the wrong presentation and Mrs. Howard Payne the right way.

Following the business session a social hour was enjoyed. The refreshment table was

overlaid with a lace cloth, centered with a crystal bowl of coral hibiscus with coral tapers at either end. Punch, open face sandwiches, nuts and mints were served.

Present were Mrs. Jimmy Williams, Mrs. Harold Zumpf, Mrs. George Wedgeworth, Mrs. Robert Abel, Mrs. Claude Jones, Mrs. Rodney Connell, Mrs. Dan Bardsley, Mrs. J. G. Abbott, Mrs. Frank Anderson, Mrs. E. N. Ayers, Mrs. R. T. Bell, Mrs. Milton Carpenter, Mrs. Tom Chappell, Mrs. Lorenze Connell, Mrs. Basil Cook, Mrs. Vernon Dexter, Mrs. J. E. Jones, Mrs. Earl Lindrose, Mrs. E. Y. McAllister, Mrs. O. G. McWhorter, Mrs. Rosa Nash, Mrs. E. H. Thompson.

International Goodwill Promoted By Sponsoring Of Foreign Students

Philip Lovejoy, a world-wide figure in Rotary, and a retired officer of the international organization told local Rotarians sometime ago of the very effective work done by the sponsorship of foreign students in American schools and colleges. The practical effect of "missionaries" who have been educated here and have had every-day experience in our way of life has appealed to business men throughout America and many have undertaken this project.

George Royal, local merchant and Rotarian, following Philip Lovejoy's visit here, investigated students subject to such sponsorship and picked two students who are now taking post-graduate work, preparatory to returning home as teachers in religious institutions.

Mrs. Royal has arranged for these two students to come to Belle Glade during the Christmas holidays and a program of appearances before Rotary and other local clubs. The local visit is a part of plan to allow these students as wide acquaintance among American families as practical.

H. L. Speer Speaks To Garden Club

"Annals," their care, propagation, soil requirements and control of insect pests. The subject of Assistant county agent H. L. Speer, when he was guest speaker before a group of enthusiastic members of the Belle Glade Garden Club, Thursday afternoon.

Mrs. Speer also introduced a number of books, including a copy of two recently revised booklets, "Landscaping Plans for Florida Homes" and "Flowers for the Home".

Mrs. Irving Zumpf, president of the business meeting, Roll call was answered by each member naming a Florida State or National Park. New 1954-55 year books were distributed to members by Mrs. Herbert Beck, year book chairman.

"Rainbow Color" was chosen for the theme of the fifth Annual Flower Show, which will be held March 3-4. Plans were made for the October 14, meeting which will be a trip to the East Coast. Each member was asked to contribute a potted plant to be taken to the Florida 78 hospital in Lantana. Members not making the trip are asked to leave plants at the home of Mrs. Irving Zumpf.

Mrs. Ralph Kirk or Mrs. Luther Jones. Members who can furnish transportation, call Mrs. Roy Bair, Oct. 13. The group will leave the club house at 8 a. m., Oct. 14.

Winners in the contests: Horticulture — Hibiscus Specimen, Mrs. Irving Zumpf — 1st; Mrs. Ralph Kirk, 2nd; Mrs. Luther Jones 3rd. Arrangements for hall tables, using hibiscus: Mrs. Kirk, 1st; Mrs. Herbert Beck, 2nd; using Lonicia Warren, 3rd.

Hostesses were Mrs. Thomas Bregger, Mrs. Milton Burry, Mrs. George Todder, Mrs. A. F. Hopson, Mrs. Ralph Kirk and Mrs. R. W. Hooker. Twenty-six members were present. Mrs. Iris Hodges and Mrs. H. L. Speer were guests.

BAND PARENTS TO HOLD MEETING TUESDAY PM

Band Parents Association will have a meeting at 8:00 o'clock Tuesday night in the band room at the Elementary School building. All parents are urged to attend.

Parents Urged to Take Part in PTA

Oceola PTA met Tuesday night with a business session to get underway for the year. The group agreed to hold meetings on the second Tuesday of each month at 8 p. m. Efforts will be made to keep the program, business and the social time within an hour and a half for the benefit of parents of small children who must be home early.

Mrs. Warren Battle thanked the PTA for the lovely party they gave the 5th grade for winning contest for most tags collected in rag sale, with the proceeds going towards the purchase of the projector.

Mrs. Judd, PTA secretary and treasurer, expressed concern that all Oceola School parents should feel welcome and should be invited to PTA meetings. She told the group that the organization was for the purpose of promoting closer cooperation between the school and the home, so every parent of a school child should feel their responsibility and attend meetings and express interest to make the newly organized PTA a success.

Mrs. Ted Irvin expressed appreciation to Mrs. Louis Funk and her co-workers for the fine help they gave in the pre-school round up. Mrs. Irvin also reported that the new projector is most helpful in developing reading readiness in the first grade. Three short films from Animals, Taking Care of Pets and Robin Redbreast were enjoyed by first grade Tuesday. Thirteen members were in attendance. Let's see more parents out for the October session.

First Meeting Of New School Term Is Held By South Bay Parent-Teacher Assn.

The South Bay Parent-Teacher Association held their first meeting of the year at the school auditorium on Monday evening, Mrs. Floyd Wilder presiding. The meeting opened with the Lord's Prayer and Pledge of Allegiance to the Flag.

The treasurer's report showed a balance of \$182.38 after deducting \$75 appropriated at the May meeting for books.

Mrs. Wilder announced a school of instruction to be held in West Palm Beach on September 15. She will attend and invited any who can to accompany her.

She also announced that five members had attended the County Council organizational meeting in West Palm Beach as a preliminary to the opening of the year activities.

Principal Pellon Morris presented the needs of the school and it was voted to provide venetian blinds for two rooms on the south side of the building, the school board to provide blinds for a third room.

It was also voted as a part of the major project for the year to allocate \$75 per room for instructional material such as books, globes, and other necessary equipment.

Steve Tallick presented the needs of the library, pointing out that plans were under way for a lending library for both adults and children and requested the loan or donation of suitable books by members of the association and civic minded citizens.

Mrs. Wilder announced that Wm. Masonic had volunteered to act as general chairman for the annual Halloween Carnival. The loan of a deep freeze unit by Mr. and Mrs. Ben Austin to the school cafeteria was announced.

The room count showed a tie between the sixth grade home room taught by Principal Morris and the seventh grade taught by Steve Tallick.

A study course was announced for March, the leader to be chosen.

Principal Morris announced an enrollment of 136 and the addition of a new teacher to take care of the increased enrollment.

He then introduced the new teachers, Mrs. Edythe Eckman, first grade; Mrs. Leslie Martin, fourth grade; Mrs. Ann Ouellette, fifth grade; Steve Tallick, seventh grade; George W. King, eighth grade. Principal Morris has the eighth grade home room. Mrs. Olga Hardy, second grade teacher, was absent on account of a death in her family.

Mrs. Wm. Masonic presented lovely corsages to all the women teachers and kindergarten to the men.

The assembly then adjourned to the school cafeteria where cake, coffee and hot chocolate were served by the hospitality committee composed of Mrs. Alton Goodbread, Mrs. Sam Henderson and Mrs. John L. Evans. Approximately 30 were in attendance.

U. S. FARM PRODUCTION EFFICIENCY INCREASES

The efficiency of U. S. farm production has increased 61 percent since 1940, enabling each farmer to feed himself and 18 others instead of 14, according to the Florida Farm Bureau.

One reason for the huge increase, the bureau points out, is mechanization. Since the end of World War II over 2,000,000 new machines and 11 times more capital has been added to

the productive facilities of American Agriculture, the organization adds.

Lake Okechobee discharge at full capacity for the entire year — since August 1953. On the St. Lucie, discharge has been made during eight months of the past twelve. The spillway was closed from January 15 to May 12 of this year.

FLORIDA POWER & LIGHT COMPANY'S PALATKA POWER PLANT on the St. Johns River which was "brought into" in 1951 is now being enlarged. Robert H. Fox, company president and general manager, revealed that the plant generating capability will be more than tripled by a new 60,000 KW generator scheduled for operation in 1956.

Outdoor Florida

Continuing the subject of what folks think about while travelling along the nation's highways in temperatures ranging 100 to 110 and even up to 115 degrees or even higher! The brick building of these southern towns and cities are almost all of the "bake oven" variety. The buildings, substantially built, were not insulated, so the hot summer sun, shining down unmerciful, day after day, creates a kind of oven out of each building. To go into one of these buildings (for instance into a typical hotel) where there is no air-conditioning is indeed an unforgettable experience. These buildings stay hot night and day, get hotter and hotter in the summer months along, until one wonders indeed how people even stay alive in these places.

So there is need, let us say for the rebuilding of most of the houses and stores and garages, etc. over most of the nation along "modern" lines, with air-conditioning an accepted part of these re-building operations, as much so as the very roofs. This should keep business good in the country, this need for rebuilding practically everything, as soon as it can be managed, for many, many years to come.

Another "thought" in the sweltering 100 degree temperature: one is reminded of the NBA report from Radio Commentator Alex Drier just a few weeks ago about harnessing solar energy. According to Alex this has now been worked out (by the Air Force) and man now knows how to harness the energy of the sun. Well, there's plenty of this energy around to harness! Alex says that any house-owner could generate sufficient electrical energy to run all his electrical appliances, to cool the house in the summer, heat it in winter, simply by painting a small portion of the roof with a certain chemical (a cheap chemical, common in paint) and then, of course, attaching the proper machinery to this chemically-coated panel on the roof.

Heaven knows every house and building in this nation should be so equipped. You note this as you drive along, state after state. Alex said there was "nothing experimental" about this discovery, as I understood the broadcast. All that remains

NEGRO NEWS

CLINIC TO BE HELD AT OKEECHOBEE CAMP

The Venereal Disease Clinic usually held on Thursday nights at 7:30 to 9 p.m. at Carver Clinic will be held every Monday night 7:30 to 9:30 at the Okeechobee Project Clinic.

PPDR CLINIC ACCEPTS BELLE GLADE DAUGHTERS

Four daughters from the Emma F. Kelley Home, No. 965, Belle Glade were accepted into the membership of the Paramount Post Daughters' Club, at the Elks Rest last Sunday night in West Palm Beach.

Reports were made of the National Convention and grand Temple of the BPOE and W. that met in Chicago, Ill., August 22-27. The local daughter, Ruler, Viola Terrell and Loyola daughter, Jamie Barges, made very good reports of information for the Councils.

Those accepted from Belle Glade and given the Past Daughter Degree were: Mrs. Gladys Barnes, Gladys Duffell, Louise Goodrum, Gladys Barnes.

REGISTRANTS URGED TO REPORT TO LOCAL BOARD

Mrs. F. W. Quimp, Local Board Clerk requests the following registrants to report their present address to the Local Board in Belle Glade, Florida, so that a form regarding their marital status may be completed and returned to the board: Willie Frank Carter; Thomas Lee Brown; Harvey Wells; Thomas Rolle; Willie Cleveland Kelle; Willie James and Joe Nathan Shelby. If these registrants cannot be located, their names will be turned over to the FBI for processing.

NEW BETHEL BAPTIST CHURCH

Rev. W. Porter, Pastor Mrs. Susie A. O'Neal, Choir. Services were very impressive Sunday and largely attended. Sunday School was conducted by Supt. Kendall. All officers and teachers were at their respective places.

At 11 a.m. devotion was led by Mrs. G. M. Douglas. The Senior Choir had charge of the song service, and the sermon was delivered by Rev. H. C. White. An old fashioned evangelist meeting was held and everyone was very helpful. The senior usher board served at this service.

Lauretta Mack. The topic for discussion was "Conquering Trouble through Faith." The discussion was very interesting. Mrs. Farrington conducted the Bible study energy field it where you already are, or (2) the Arctic Ocean resorts.

There is, of course, a third way out — smart folks might travel to Florida, take it easy there, and enjoy life. But for millions of us restless Americans nothing will do summers except to be in the open road. To have sun stroke in almost every state in the union, breathe dust and smog, and make a take on the chin, so to speak, in a new or old Chevrolet.

The Senior Mission met with Mrs. Alice Bostwick at her home. Mrs. Rosa House, presided, and the Bible lesson was taught by Mrs. Montina Reed. Members present were: Mrs. Rosa House, Montina Reed, Georgia Douglas, Mattie Woods, and Mr. and Mrs. Bostwick. Refreshments were served.

The Junior Women met at the home of Mrs. Evelyn Coleman on Ave. C Place. Mrs. Deotha Pates presided and Mrs. Sade A. O'Neal taught the Bible lesson. Other members spoke on the lesson. The subject was "A living example of temperance." Those attending were: Mrs. D. Pate, Daisy Harris, Ella Mae Green, Edna Rivers, Cora Mae Coley, Mary Mitchell, Esther Butler, Sara Love, Nora Atkins, Christine Maynor, and Stella A. O'Neal. Mrs. Coleman served delicious refreshments. Mrs. O'Neal gave a brief report of the National Convention and she gave each lady a lovely handkerchief.

The Junior Mission met Monday at the home of Mrs. Alice Bostwick. Miss Carrie Mae O'Neal presided and Mrs. Ella Mae Green supervised. The meeting was largely attended. Visitors were Mrs. Sara Love and Mrs. Cora Mae Coley. Ice cream and cake were served. The Y. M. C. Section met at the home of Miss Mattie Ruth Mullen. Mrs. Margaret Goring presided and Mrs. Sade A. O'Neal taught the Bible lesson. Those present were: Mrs. Margaret Goring, Misses Althea Williams, Louise O'Neal, Bernice

Quilman, Emma Mae Lattimore, Emma Jean Mullen and Mrs. Deotha Pates, Christine Maynor and Mrs. Louise L. Mullen. Ice cream and cookies were served.

MT. ZION A.M.E. CHURCH

Serious were very impressive all day Sunday, beginning with Sunday School conducted by Mr. George Gillis, superintendent. All teachers were at their post. Each class had good attendance.

At 10 a.m. devotion was led by Bro. Albert Gent. Pastor Fayson took charge of the order of service. The sermon was delivered by Rev. Marion Hamilton. His subject was "Preparation for the Kingdom."

He preached a very good sermon that was enjoyed by all. One member was added to the church, Mrs. Ethel Jackson. There were 9 visitors present. They were: Mr. and Mrs. W. C. Taylor and their children, Mr. and Mrs. E. M. Taylor of this city and Prof. Clifford Jackson, a new addition to the faculty of Lakeshore Elementary school, Mr. Roosevelt Jackson, and daughter, Miss Eva Jones of Miami.

Evening Service

Evening service began at 7:30 p.m. with devotion led by Brother Gent. The order of service by the pastor, Rev. Milton Fayson, sermon by Rev. William H. John and 16 verse. He used for his subject "Mediator Between God and Man," he preached a very soul stirring sermon.

On Monday night the regular meeting of the Missions Society was called to order at 8 o'clock by the president, Mrs. Corine Gent. Prayer by Mrs. Gent. Song after prayer was led by Mrs. Deotha. "Praise Me Not Gentle Saviour," the Scripture by Mrs. Gent, 1st Cor. 13 chapter, the topic for his evening was "Bear Ye One Another's Burden and So Fulfill the Law of Christ." Galatians chapter 2nd verse. The topic was opened by Sister Junia Williams. Everyone joined in the discussion. The topic was enjoyed by all.

STATE BOARD MANAGERS MEET AT PRESIDENT'S HOME IN ST. AUGUSTINE

A meeting of the State Board of Managers for The Florida Congress of Colored Parents and Teachers was called, Saturday, September 11, at the home of the State President, Mrs. D. Sanders, St. Augustine, Florida, at 10 a.m.

The meeting was opened, devotion led by Rev. J. S. Hall, Jacksonville, Florida. The Rev. J. S. Hall, Jacksonville, presiding.

Tentative orders for all State Departments were discussed and plans adopted. All local PTA units will be able to carry on a more effective program for year 1954-1955.

Reports of officers were made and received. The newly elected officers began their duties and gave an outline of their respective responsibilities. They pledged their continued cooperation to the Congress and work for the welfare of all children.

A state-wide project, to be known as The Scholarship Fund, was discussed. The final adoption of this project to be held at the 1955 Annual Session. The President, Mrs. Sanders, appointed the following to serve on The Scholarship Fund Committee:

Chairman — Mr. H. K. Sadler, Jacksonville; Miss Sade Pryor, Pensacola; Mrs. Daisy M. Marshall, Belle Glade; Mrs. Beatrice Villan, Tampa; Mr. S. A. Hull, Jacksonville.

Mrs. Mary Washington, Jacksonville, Florida was appointed as State Chairman of Founders' Day Department.

The meeting adjourned, greetings extended from all members. Special recognition was given Board Member, Mr. S. A. Hull, who has served for twenty

years. Buffet luncheon was served by the President, which was enjoyed by all.

Board members present: Mrs. D. Sanders, State President; Mrs. M. D. Singleton, 1st Vice President; Webster, Mr. H. K. Harper, 2nd Vice President; Mrs. S. A. Hall, Jacksonville, President; Mrs. M. P. Johnson, Treasurer; Webster, Mr. H. K. Harper, 2nd Vice President; Miss Sade Pryor, Historian, Pensacola; Mrs. M. Bradford, Chairman Membership Department, Jacksonville; Mrs. M. Washington, Chairman Founders' Day Department, Jacksonville; Mrs. Daisy M. Marshall, Chairman Publicity Department, Belle Glade; Mr. S. A. Hull, Jacksonville; and Mrs. A. Raspberry, Jacksonville.

SOCIAL NOTES

Mrs. Dottie Mae Rhode left Sunday for Long Island, N. Y. She will return in November.

The Fayson twins left last Monday for college. They are attending Edward Waters College at Jacksonville, Fla. Rev. and Mrs. Fayson accompanied the girls to school. Mrs. Fayson is now at the bedside of her father, Moderator F. A. Wright at Luke Wales hospital.

Those attending the National Baptist Convention of America at Jacksonville, Fla., were as follows: First Baptist was

represented by Rev. J. B. Adams, Mrs. Amelia Houston, Rosa L. Thompson, Francis Morgan, Ella Lang, Temple L. Pouncey, L. E. Taylor, and Mrs. Dorothy Clark. Deacon W. C. Taylor and James Oliver. New Bethel was represented by W. Porter, Mrs. Rosa House and Susie A. O'Neal. All report an enjoyable and beneficial trip.

Mr. Sandy Kendall returned recently from vacationing in South Carolina and visiting his sister in Washington, D. C.

Mr. and Mrs. Roosevelt Jackson and daughter, Eva, were the weekend guests of Mr. and Mrs. Marion Hamilton and family, 749 S. W. Ave. C.

Mr. Macco Golan of Everglades Experiment Station is back from Ohio, after visiting his sister and family.

Mr. Solomon Gent spent Labor Day with his father and mother, Mr. and Mrs. Albert Gent, of the Experiment Station. Solomon is now living in Valdesia, Ga.

Meat is the richest source of the phosphorus needed to combine with calcium in building bones and teeth.

Foods of animal origin rank higher than foods of vegetable origin as sources of phosphorus.

how Advertising helps you

BY CHARLES B. ROTH

Time to Spare

AN ADVERTISING man, interested in farming, was talking to the head of the agricultural college of his state about some new methods and reforms in farming which had been discovered and which, put into use, would greatly increase farm production. "How long do you think it will take the majority of farmers to adopt these improved methods?" he asked the college president. "I should say at least twelve years, more often twenty," was the reply.

This lag between the production of knowledge and its distribution, as the advertising man pointed out in discussing this incident, is not confined to farming. It exists everywhere.

It exists everywhere, that is, except where advertising is applied. Take an example. A manufacturer, after long and costly research, discovers a way to improve his product. He knows development is the use of color. It does take a dozen or twenty years for you to discover the advantages of chlorophyll.

Now it takes only days. And because of the way advertising has advanced this concept of time, you live a fuller life, a richer life, a more interesting life.

It's not as if it's improved. It's to your advantage you will find it advertised in the newspaper, which thus becomes the carrier of good tidings for every consumer.

Advertising brought you the exciting news of this new discovery by science overnight, and within hours after you heard it you were enjoying its advantages. This points up one other advantage of advertising which may not have occurred to you: It enables you to live longer by cutting down the time-lag between a new idea and its entry into your life. Every time you pick up your newspaper, some advertiser is telling you about something new or different or improved that has been developed to help you. In the days when America was young such news traveled by word of mouth. Then it took several years for new ideas or new products to reach coast to coast.

WE GUARANTEE

ten minutes, you'll feel the difference!

Let us mount a set — you'll be amazed!

If you'd like a driving experience that will really open your eyes, just ride a few blocks on the new U. S. Royal 8. In 10 minutes, you'll change your ideas about what tires can do for your car, new or old. You'll feel bumps and bounces level out. You'll hear tire squeal and burn rubber disappear with finger-tip ease, maneuver with perfect control. You'll stop faster, straighter, safer. And you'll know first-hand why this is the tire every body wants—the tire success of the year!

the totally new tire... U.S. Royal

1. Totally New RIDE — NO BOUNCE, NO JOUNCE
2. Totally New STEERING — SQUIRKY HANDLES AND CONTROL
3. Totally New TRACTION — STOPS FASTER, STRAIGHTER

THE UNITED STATES POLL

Weight of Sentiment in Nation Is That Republican Party Can Do a Better Job of Keeping Communists Out of Government And Handling Subversives

WEIGHT OF SENTIMENT
By Kenneth Fink, Director,
Princeton Research Service

Which political party—the Republican or the Democratic—can do a better job of keeping Communists out of the government and handling subversive elements?

Results of a nationwide survey just completed show that the weight of sentiment across the U. S. is that the Republican Party can do a better job.

Two out of every five of all those questioned say that the Republican Party can do a better job of keeping Communists out of the government and handling subversive elements in the country.

One in four says the Democrats can do better.

In other words, among those with opinions on the matter, the number who believe that the Republican Party can do a better job of keeping Communists out of the government and handling subversive elements in the nation is 40%.

The results:

Nationwide
Republican 40%
Democratic 26%
No difference 16%
No opinion 18%

Highlight of today's survey findings is that the weight of sentiment among the independent voters by a 4 to 1 margin believes that the GOP can do a better job of keeping Communists out of the government and handling subversive elements.

Independent Voters Only
Republican 40%
Democratic 26%
No difference 16%
No opinion 18%

Among GOP voters, 78 out of every 10 are of the opinion that the Republican Party can do a better job of keeping Communists out of the government and handling subversive elements.

Only 1 in every 20 Republican voters think the Democrats can do better.

Republican Voters Only
Republican 78%
Democratic 5%
No difference 16%
No opinion 1%

The weight of sentiment among Democratic voters is the other hand, by a 3 to 1 margin is that their own political party can do a better job.

Democratic Voters Only
Republican 16%
Democratic 66%
No difference 16%
No opinion 2%

Results of a recent survey show that keeping Communists out of the government and handling subversives is regarded as one of the top four issues that voters would like to hear

discussed in the coming Congressional election campaign.

This is the first of a series of analyses of the public's attitude toward them in this newspaper.

The Belle Glade Herald presents the reports of the United States Poll exclusively in this area.

The service is operated by the Princeton Research Service staff of trained reporters. (Copyright, 1954, by Princeton Research Service.)

HE'S A DEMOCRAT
That Democrats Do More For Working People No. 3 Reason

Analysis of the United States Poll showed the reasons GOP supporters give for voting for Republican Congressional candidates.

Today's report will show why Democrats people give more than one reason.

with the way the Republicans are running the country now.

More employment under Democrats; Democrats will raise employment; Republicans bring more unemployment.

Fanner better off under Democrats do more for farmers.

Better times under Democrats; we had it much better under Democrats; we're better off with Democrats.

Like to see change; had more of this regime; would want Republicans to get in again; think Democrats should be brought back to power.

Republicans are just for big business; not for average man; always have been for big business.

Republicans haven't kept promises; promised tax cuts and cheaper cost of living; not done the things they promised.

Like McCarthy; McCarthy's a Republican; I wouldn't want to perpetuate McCarthy's leadership in Congress; don't like McCarthy nor McCarthyism.

More progress; more liberal; Republicans haven't done anything; no results from Republicans.

Republicans have no program; nothing; Congress is nothing; other reasons.

(Figures add to more than 100 because people gave more than one reason.)

alive only in the brains and in the fingers of men gullibly employed in a continuing and healthy private industry.

No weapon, regardless of how superior it may be, is as effective unless it is in the hands of a man trained to use it.

Here again we find the use of the British, for according to an English writer in 1774, there was "not a Man born in America that does not understand the Use of Firearms and that will shoot."

Individual accuracy, not volume or fire by volleys as practiced by European armies of those days, was the thing that counted. This is easily attested by the comparison of casualties among the opposing forces of every battle of the Revolution.

Regardless of theorists to the contrary, widespread acquaintance with firearms and the ability to shoot accurately are as essential today as they were then.

The National Rifle Association, as one of its purposes, encourages a "development of American small arms, ammunition and accessories."

For task, however, is to educate and train citizens of good repute in the safe and efficient handling of small arms.

It is immaterial whether this training is conducted in rifle range as part of a supervised recreational program or preparatory to hunting in the field or in conjunction with the courses of fire sponsored by the National Board of the Education of Rifle Practice. The important thing is that we do our duty to see that every citizen is acquainted with firearms and is trained to use them safely and effectively.

When his troops were about to cross a river to attack the enemy, "That your trust in God, but mind to keep your powder dry!"

In the seemingly eternal struggle between Communism and Democracy we must first of all, as did the patriots of 1776, put our trust in God. Like Cromwell, we should bolster our trust by keeping our powder dry.

Two essential ingredients of that powder are: industry and a universal knowledge of firearms and the ability to hit a mark. We must guard these ingredients with care, with the courage and faith of the patriots of the United States of America we faced the uncertainties of our time.

Ramie fiber has the highest tensile strength of the vegetable fibers, absorbs water more readily than flax fiber, from which linen is made, and does not withstand torsion as well, but it extends fast and helps in those qualities blend with cotton, wool, cotton, silk and rayon.

CHURCHES OF CHRIST, SCIENTIST

How can we prove and experience man's God-given dominion over material bondage and limitation? We will broaden our vision by attending church at Christian Science Services Sunday. The subject of the Lecture-Sermon is "Matter."

The spiritual heritage of freedom which belongs to man is set forth in the following selection of the Bible (Galatians 4: 7, 8): "And because ye are sons, God hath sent forth the Spirit of his Son into your hearts, crying, Abba, Father. Wherefore thou art no more a servant, but a son; and if a son, then an heir of God through Christ."

The following passage will be some of those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (223:3): "Sonnet or later we shall learn that the fetters of man's finite capacity are forged by the illusion that he lives by body instead of of soul, in matter instead of Spirit."

Jr. Girls Defeat Boys In Baptist 5x5 Quiz

The girls made a comeback this week in defeating the boys in the Junior department of Sunday School at the Belle Glade Baptist Church in a quiz on the subject of "Hymns." This was the second in a series of programs in the form of a radio quiz on subjects studied this year in the department. The theme for the program is "Growing Up," which is a reminder that the department is getting ready for Promotion Day the last Sunday in this month by recalling ways all Juniors have grown up during Junior year by learning memory work, hymns and Bible stories. The panel of "Experts" on this quiz were: Martha Faye Davidson, Jack Cross, Carol Martin, Bobby Bentley, Neal Livingston, Steve Weeks, Bobbie Parrish, and Alvin Williams. The quiz next Sunday will be on the subject of "Bible Heroes We Have Met." Pianist for the morning was Martha Faye Davidson; Ukers were Richard Barrett and Robbie Parrish.

Sixty Juniors competed for the weekly banner which went to Mr. Vernon Jones' class of 12 boys with a grade of 91. Most of this class will be promoted into the intermediate department the last Sunday of this month. The contest was held for the Sunday School.

These boys have worked all year to gain this banner and because the class has been handicapped in not having a teacher part of the year the banner was proudly presented to the following boys: Freddy Forester, Glenn Ball, John Chamblor, Danny Barber, Neal Livingston, Terry Kirkman, and Harley Hollingsworth. The class scored a grade of 89; third rating went to the class of Mr. Waddell's 10 year boys with a grade of 82.

Next week's news should read that Linda Evans was honored with the birthday song and presented a special birthday treat instead of Susan Clark.

of "Bible Heroes We Have Met." Pianist for the morning was Martha Faye Davidson; Ukers were Richard Barrett and Robbie Parrish.

Sixty Juniors competed for the weekly banner which went to Mr. Vernon Jones' class of 12 boys with a grade of 91. Most of this class will be promoted into the intermediate department the last Sunday of this month. The contest was held for the Sunday School.

These boys have worked all year to gain this banner and because the class has been handicapped in not having a teacher part of the year the banner was proudly presented to the following boys: Freddy Forester, Glenn Ball, John Chamblor, Danny Barber, Neal Livingston, Terry Kirkman, and Harley Hollingsworth. The class scored a grade of 89; third rating went to the class of Mr. Waddell's 10 year boys with a grade of 82.

Next week's news should read that Linda Evans was honored with the birthday song and presented a special birthday treat instead of Susan Clark.

Mr. and Mrs. Walter Dutton of Orlando spent a few days with her son and daughter-in-law, Mr. and Mrs. Leland Hardy.

WASHINGTON

NEWS LETTER

From

Looking back over the closing weeks of the Congress, when it was normal to have a 10 am to 10 pm session, and when many major issues were being decided, I note a number of high points which previously were overlooked.

Floridians generally are familiar with the important accomplishments of its delegation, which worked in the greatest of harmony for the advancement of the State. It is generally known that we gained satisfactory victory in our fight for flood control construction funds for a \$7 million program this year; a record-rivers and harbors authorization program; a strong Federal judiciary in the State; continuance of Florida as the second state in the union for military activity; a sounder, more inclusive, and more favorable

able Social Security law; elimination of the discriminatory "double penalty" clause in the Railroad Retirement Act; tax code benefits, including reductions for retired people living on pensions; working mothers benefits, and a broader medical expenses allowance; some help for small business (but not enough); major support for, and progress in, the program to solve the Red Tide problem; and a number of advances in such Federal aid programs as School Lunch, Highways, Hospitals, and Schools.

As has been said many times, your delegation has worked together in great harmony, and is conceded to be a closely cooperating, effective group. It is a pleasure as well as a privilege to be a member of this unit, and you have every reason to be proud, as I am, of all the other Floridians here.

LOYAL CADETS: The Secretary of Defense has advised me that loyalty checks are being made of accepted candidates for the military academies before they actually are enrolled and begin their studies.

Recently, I wrote the Secretary suggesting such an advanced system of clearances after three Naval Academy graduates were denied commissions on security grounds. The commissions later were granted after loyalty doubts were cleared, but the cases served to point up the obvious need to which I called the Department's attention.

RESERVE OFFICERS ACT: The Congress passed the 1954 version of the Reserve Officers Act which will place Reserve officers in all branches of the service on the same promotion basis as regular officers. The measure provides a statutory basis for promotion, precedence, constructive credit, distribution, retention, and elimination of officers of the Reserve components of the United States Armed Forces, and will become effective July 1, 1955.

FOOD FOR A STRONG AMERICA...

...and **FOOD** for THOUGHT!

We salute Florida's agricultural industry... applaud the enterprising farmers who help give America the world's greatest abundance of food, the world's highest standard of living... even while millions in other parts of the world wait for bare necessities under Communism's oppressive bureaucracy. Free to develop new scientific methods, new machinery, new crops, new processes... America's farmer's produce more, enjoy better living than anywhere else on earth.

America leads in electric power, too! And we in Florida are pledged to help keep it that way. Since VJ-Day, FPL has added more than 4,000 miles of rural lines, more than enough to reach all the way from Florida to the northernmost parts of Alaska, providing power for Florida's expanding rural development.

By outstanding performance and faithful service we hope to earn ever greater public confidence... hope to encourage the new trend in America which proposes more freedom for private enterprise to produce even more... help you enjoy happier Florida living, electrically!
